Verse 1 //

Here with You I'm found in light forever, forever
You calm the raging sea,
The waves around me, around me

Your footprints on my heart, a perfect line
You heal the wounds that burden me inside, inside

Chorus //

Here I'll wait in the quiet, in the silence
Here I'll stay in the quiet, in the silence
With You, with You, with You I'll wait
With You, with You, with You I'll stay

Verse 2 //

Here with You a moment lasts forever, forever
You hold the broken heart in me together, together

You burn up every shadow in Your light
No guilt no shame, I'm on the other side

Bridge //

My God is louder than the voice against me
My God is stronger, He's the hand that pulls me out
My God is bigger than the walls around me
My God is stronger, He's the hand that breaks them down

My God is everything, everything, everything
