Verse 1

Wondrous grace that saved my soul
From death it brought me to eternity
Your sacrifice from blameless blood
A sinless man You died for a sinner like me

Chorus

All I see is the wonder of You Lord around me
Accepting all of those who seek
Through the power of Your Grace

Verse 2

Light from the cross that brought light to the world
The hope for all of those who cannot see
So I will declare the Glory of Your name
To shine Your light till the end of my days

Bridge

I will sing songs of praise to You my King
That You my God be exalted
That You my God be exalted
