Verse 1

Your Love will never fail me
Your name it calms my every sea
Forever, my King forever
My God is bigger than the storm
Beat down the death & won the war
Forever, my King forever

Pre chorus

You're leaning with me through the bends
You carry me when I give in

Chorus

When my seas are raging no I'm not letting go
If my heart is caving You hold me up with the cross
When my colours fade You paint me with Your love
Oh my fear has hit the ground I see through the storm
