Verse

Forgetting what is behind, shaking off the dust
I've tasted your love, and it is enough
You carried my sin, and all my shame
Woah, woah

Walking in your grace, you guide my feet
No matter what I face, you are with me,
I'm running straight to you, with all I've got
Woah, woah

Chorus

You washed away my yesterday, my yesterday
With what I have, you made a way, you made a way
I am free, I'm not the same, saved by grace, given a clean slate
You washed away, my yesterday, my yesterday

Bridge

I'm not looking back, not looking back, I will run to you
I'll fix my eyes on Jesus Christ, the one who pulls me through
