

WHY DOES NEVADA NEED CHWs?

A CHW serves as a highly effective, cost-efficient, and culturally appropriate linkage between underserved communities and the health care delivery system.

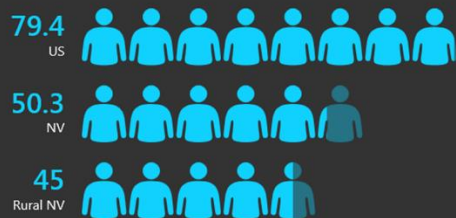

RISING HEALTHCARE COSTS³

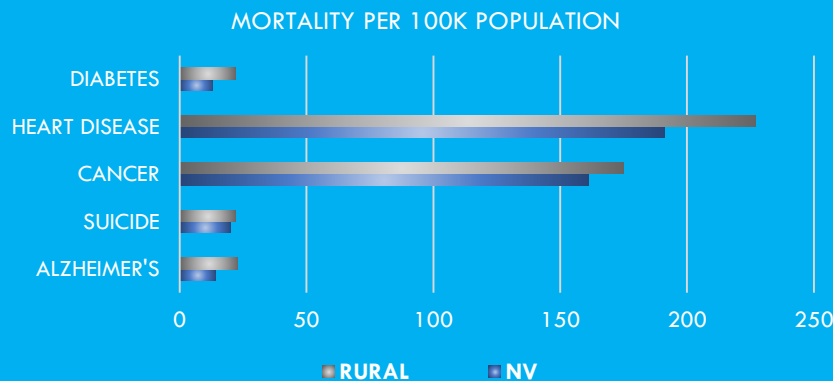

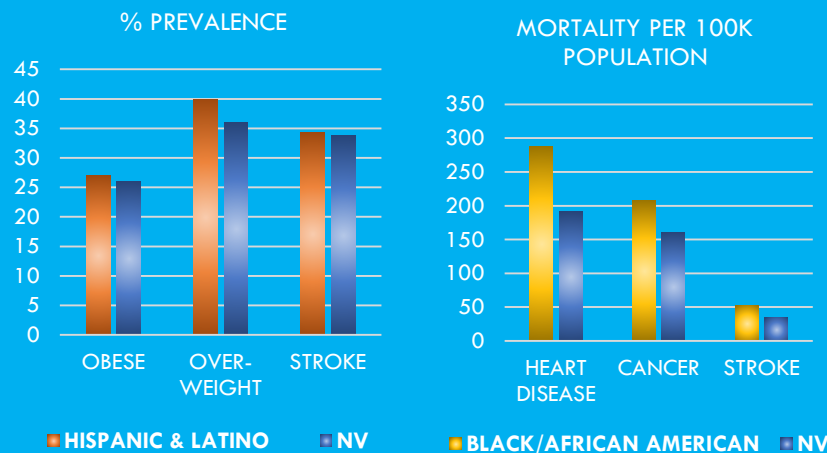

PRIMARY CARE PROVIDER (PCP) SHORTAGE⁴

US RANKING
46TH

PCPs PER 100K POPULATION (2012)

HEALTH DISPARITIES^{4,6}

- Health care cost savings
- Appropriate use of health care system
- Secure and coordinated access to health care
- Individual chronic disease management
- Improved clinical measurements
- Immunizations & preventive screenings
- Medication adherence
- Health-related quality of life

BENEFITS OF INTEGRATING CHWs⁷

- Health care expenditures
- Use of emergency & urgent care
- Missed work or activity limitations

\$2-\$15

ROI FOR EVERY \$1 INVESTED¹

\$80K-\$90K

ANNUAL SAVINGS FOR HOSPITALS PER CHW²

16-27%

ANNUAL MEDICAID COST SAVINGS^{1,2}

• ESTIMATED RETURN ON INVESTMENT (ROI) FOR CHW INTEGRATION
