## CHOIR EVENTS 2018

### THE IDEA

Along with great collaborators, we - Ebb & Flow - are setting up a series of choir workshops followed by public concerts in connection to our two European tours in 2018. We invite choirs as well as "single" singers to participate in these events that take place in select cities on our travel route. The goal is to study 3-4 arrangements from Ebb & Flow's repertoire during the one-day workshop and perform them as part of Ebb & Flow's public evening concert on a separate date.

### THE MUSIC

Ebb & Flow has created a songbook as well as several single arrangements of songs from the band's repertoire. This material has 3-5 parts (SSATB) and will be used at the workshops. PDF copies of the sheet music along with audio files with individual voice parts will be emailed to all participants ahead of time. This will give the singers a chance to study the music at home and/or along with their own choir. Physical copies of the songbook are also available for purchase in our merchandise booth and on our website.

### THE WORKSHOP

Seasoned choral director and Ebb & Flow member, Morten Kier, will lead the workshop. He is widely known as a singer, arranger, and educator in the vocal community and has a past in the ensembles Vocal Line (Denmark), Basix (Denmark), and M-Pact (USA). Besides from studying the repertoire with the participants, Morten will also include fun warm-ups and vocal exercises in the program.

### THE PROGRAM

- 11.00: Warm-ups

### THE CONCERT

On a separate date, all three members of our band will come to town. Along with the choir, we will refresh the workshop songs and do a sound check together in the late afternoon. Then, in the evening, Ebb & Flow will go on stage with a concert program that lasts approximately 2 x 45 minutes and contains a mixture of songs, story-telling, and sing-along sections with the audience. Twice during the show, the workshop choir will be invited to join the band on stage to perform the workshop songs. The concert is open to the public, and we encourage everyone to invite their favorite people. Tickets can be purchased online (links will be up on [www.ebbandflow.band](http://www.ebbandflow.band)) and at the door. After the show is over, we hope that everyone will mingle and have a good time with us, perhaps while enjoying some refreshments. Our band will have CDs and merchandise for sale.

## THE BAND
