Throughout today’s program, Ms. Milteri taught just a little of the wonderful history of dances from many parts of our African Diaspora family. As you go on your search for the names of countries, dances, and words shared in this month’s presentation, don’t forget to think about what you’ve learned today. After your activity, be inspired to continue your exploration of the many more communities and countries connected to the beautiful continent of Africa. Have Fun and Happy Hunting!
