

August 24, 2016

Dear Chairman Archambault,

I write today on behalf of the Tribal Council of the Paskenta Band of Nomlaki Indians of Northern California to offer our support for your efforts to stop the Dakota Access Pipeline from poisoning your land and water.

We applaud you and your tribal government for standing strong to protect your people and tribal resources from uncaring corporate greed. It is important for all Indian people to come together in these times of need and demonstrate a solid front for the protection of tribal sovereignty.

Every Tribe has the same inherent sovereign right to protect our land, water and people from every possible danger and encroachment. When we are threatened we should all come together to stand firm against threats to our sovereign identity.

You and all the warriors protecting your people are in our thoughts and prayers throughout this struggle.

In support,

Andrew Freeman  
Tribal Chairman
