Dear Senator _____,

I live in your community and am concerned about services for senior citizens. The number of seniors is growing and services to allow them to remain home and get around the community are important . There are almost 10,000 seniors statewide on waiting lists for transportation, meals-on-wheels, social workers working with homebound seniors and home care. Funding is needed to help the 260,000 seniors statewide who are elder abuse victims behind closed doors. Family caregivers need support as they care for their elderly parents and spouses, particularly women trying to balance work and caregiving.

Please go to www.liveon-ny.org to see the \$177 million budget agenda to see more about the budget needs of seniors in your community.

Seniors look to you to advocate for this funding during the state budget process. I look forward to hearing from you.

Sincerely,
