Subject: Letter of Interest in a SLU Community Council Board Position

This is to state my interest in serving a second term on the SLU Community council. I am currently serving my first term in Board Appointed position No. 13.

In my current term I served in the following ways:

1. I served one year as Secretary
2. I have served on the Planning and Policy Committee
3. I, along with Lloyd Douglas, cover the Design Review activities that are important to the neighborhood.
4. My attendance has been regular
5. I represent the interests of senior citizens and from a resident perspective

Although I am 90, I believe I can effectively serve out another term.
