

VISITING THE LAB?

The Kim Lab is located on the **second floor** of the **Shriram Center for Bioengineering & Chemical Engineering**.

Shriram Center, 268
Stanford University
443 Via Ortega
Stanford, CA 94305

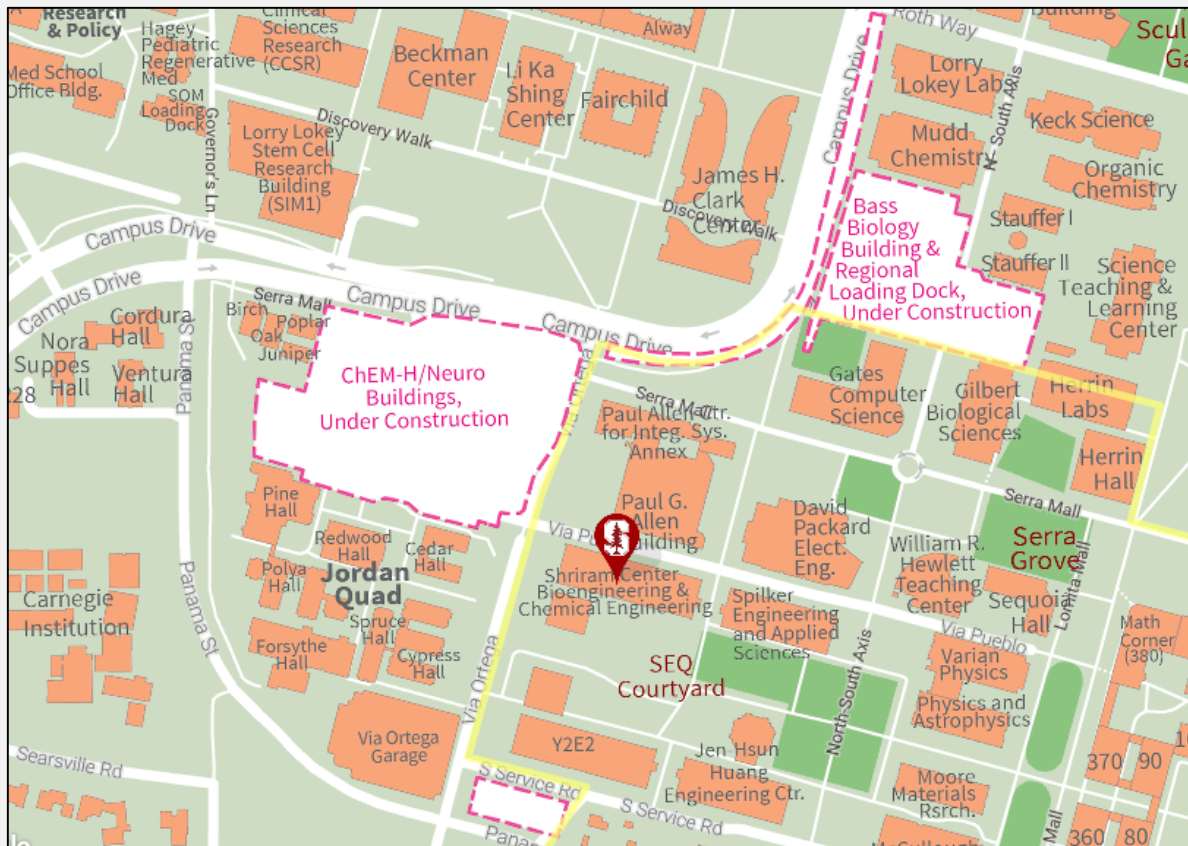

Image: Jeremy Bittermann, courtesy of Boora Architects

The Shriram Center for Bioengineering & Chemical Engineering is located in the Science and Engineering Quad, west of Stanford's Main Quad and the Oval, and south of the School of Medicine.

To access an interactive campus map, please [click here](#).

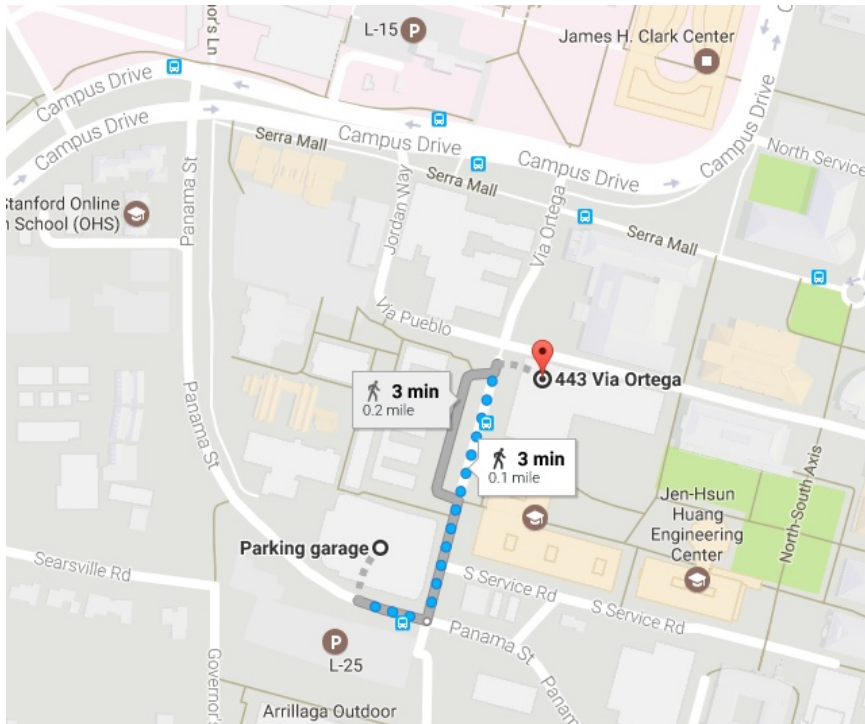

For a parking and campus map (PDF), [click here](#).

Any trouble locating us, please contact Amanda O'Neal at 650-498-7602.

WHERE TO PARK?

The nearest parking garage is the Via Ortega Garage (Parking Structure 2) located at the corner of Panama Street and Via Ortega. Enter the garage via Panama Street.

Visitor pay parking is available, 8am – 4pm, Monday through Friday.

Upon exiting the parking structure, head north on Via Ortega. The building should be located to your right

OTHER PARKING OPTIONS?

If the Via Ortega Garage is full, there are other parking options:

- Roble Field Garage located on Santa Theresa Street, south of Via Ortega Garage
- Stock Farm Garage located on Stock Farm Road, west of the School of Medicine

For a list of Stanford Parking Garages, please [see here](#).

Visitor parking will have either a meter at the parking space or a parking permit vending machine in the lot.
