To refer a family to Help Me Grow Alabama:

1. Discuss developmental screening results (ASQ-3, ASQ:SE-2, M-CHAT) and/or any concerns identified with the family
2. Give the family HMG information and explain to the family that a HMG care coordinator will be contacting them to answer questions, discuss concerns, and connect them with information or local community resources
3. Email or fax the following supporting documentation to regional care coordinators (see back for contact information)
   - HMG referral form (completed with parent signature)
   - Developmental screenings (full questionnaire-not summary sheet)
   - Medicaid referral form, if applicable

*Important* Help Me Grow Alabama and 2-1-1 Connects Alabama are not set up to receive medical information that requires HIPAA compliance. Please only send the information listed above to ensure the confidentiality of the family is preserved.
