UMW makes a difference with our properties! Born of dreams to give larger voice to churches in international affairs, Methodists built the Church Center next to the United Nations in New York City in 1963. United Methodist Women owns and operates the building, and continues the legacy of keeping faith communities connected to the U.N., exerting a positive influence on the affairs of the world's peoples and nations. UMW needs you to help make a difference in the lives of women, children and youth – here and around the world. Join with us! Help us make more of a difference in 2017 and into 2018!
