# Our Social Skills Program of

## *Fun, Friendship & Community*

If you're looking for supportive social interaction to compliment your child's other therapies... **We can help!** For more information about joining please **Click Here!**

Our recreational program, with clinical under-pinning, is focused on helping children who have difficulty making friends due to a variety of issues ranging from anxiety, attention and language delays to simply feeling lonely or out of the loop. Our professionals use SEL techniques, during enrichment activities, to help children strengthen their social and emotional well-being.

We apply the best practices that are appropriate for our population and that vary by group. Our longer 2.5-hour afternoon sessions engage students and allow children to immerse themselves in the learning and friend-making process beyond the limits of a traditional 45/60 minute session. We are open from 3:30-6:00 on Tue, Wed and Thu with weekend programs for Teens.

***Children from many schools throughout NYC have attended the Meeting House including:***

Aarons, Avenues, Bank Street, Birch Wathen, Child School, City & Country, Columbia Grammar, Churchill, Dwight, Ethical Culture Fieldston, Gaynor, Heschel, Horace Mann, Ideal, Lycee Francais, PS 84, PS 183, PS 333, PS 198, PS 9, PS 156, PS 199, Parkside School, Poly Prep, Ramaz, Shefa, St. Bernard's, Stephen Gaynor, Trevor Day, Trinity and Windward.
