

TMH Testimonials

We are so *happy* to have found The Meeting House! Every Thursday morning, my daughter wakes up and exclaims, "It's a Meeting House day!" She absolutely loves it! All of the teachers and therapists are amazing in how they work with these children. I am *impressed* with the level of attention the children receive and how wonderful the entire community is there. My daughter has a blast and I have the peace of mind that she is receiving valuable skills, while having *fun* in a loving, understanding environment.

*The people here are really **comforting** and helpful and make you feel like you at your 2nd home. You are **safe** here and it is a good place to learn how to express different feelings you have bunched inside you. The Meeting House has helped me grow into a better person and a **better friend**. I can really express myself with the support of everyone here.*

***Amazing!** Lucky to have found it. My daughter has made such positive strides.*

Parent of 6 year old girl from NYC private school

I think what makes The Meeting House so *unique* is that the kids are all learning social skills, but they're completely unaware that it's "therapeutic" time and they just have fun. Unlike traditional social skills groups, The Meeting House is just a wonderful *community* of kids and grown-ups who have a great time together learning how to build meaningful relationships.

*At the Meeting House I can be myself. I feel **included** and safe around people I trust.*

9 year old boy, 1st year at TMH

*The Meeting House is a model we can all benefit from...be yourself, learn **better social skills** and learn how to relate with others. A great way to pickup those needed skills, not by reading a book or with a therapy session but in a **natural fun setting**.*
