Wayne's Roofing
13105 Houston Road
Sumner, WA 98390

Dear Justin,

Washington Patriot Construction (WA Patriot) would like to acknowledge Wayne's Roofing's contributions on the Barker Creek Community School project.

This project consisted of remodeling an office space to create a functional and lively space for learning. Some creative features of the remodel are angled walls, vibrant paint colors, unique wall coverings, visual display boards, and operable partitions. Construction began just a week after the project was awarded to WA Patriot. Despite a quick start, short project duration, and permit setbacks, as a team we were able to turn over the community school prior to the beginning of the school year.

Please accept our appreciation and recognition of your team's contribution to the success of this project.

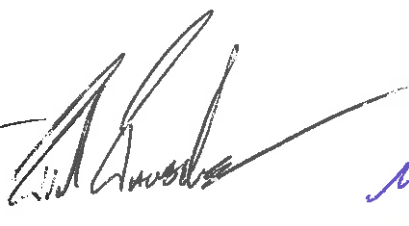

We would like to specifically thank you for continuing to be one of WA Patriot most trusted roofing contractors. Your team patched the roof quickly and efficiently without any punch list corrections from the Architect.

Many thanks for a job well done!

Sincerely,

Mac Stanton
Vice President

Rich Rauscher
Superintendent

Mark Zygmuntowicz
Project Manager

Kayla Fillion
Project Engineer
