

LEARN Rapid EdTech Analysis

Be a hero with your classroom teachers and your school board
in the next 100 days

Low Burden

Our team does the work, requiring approx. only 6-12 total staff hours during the 100 day period.

High Reward

Districts identify tens to hundreds of thousands in savings and increase their long-term purchasing power.

Data-driven

Senior leaders have real, comparable insights to inform the district's strategic plan for the future.

Cost-effective

One-time fee based on district size.

"Saving our teachers time while focusing on the highest impact, most cost-effective tools and practices means better outcomes for kids."

Marlo Gaddis

Sr. Director of Instructional
Technology & Media Services
for Wake County Public Schools

What's Included:

- 1 A full inventory of edtech products across the district.
- 2 Dashboard reports for all contracted products, including by school, by FERPA compliance, by central approval status, by total cost, by renewal date and more.
- 3 Educator feedback on top 10 products (quantified and research-based).
- 4 LearnIMPACT Analysis on 3 products based on utilization and achievement data.
- 5 Cost Savings Analysis on 3 largest contracts renewing in the next 100 days.
