

POSITION: District Success Manager - Utah

ROLE DESCRIPTION: Lea(R)n is seeking an experienced Implementation Manager to support and manage the success of a statewide digital teaching & learning engagement. The candidate will be responsible for cultivating client relationships at the state, district and charter school levels, managing and executing on project deliverables, and acting as the primary point of contact for client communication. The ideal candidate will have experience working with K12 technology implementations in and around the State of Utah, and be able to manage multiple project streams simultaneously; including product implementations at multiple districts throughout the state, product trainings, and ongoing support; effectively collaborate with internal & external collaborators to meet deadlines, and consistently drive value to all stakeholders via LearnPlatform.

SKILLS AND QUALIFICATIONS:

- A passion for education innovation, education technology, or education policy
- Willingness to travel throughout the state (up to 75%)
- Self-starter who can work independently with a bias towards responsible action
- Exceptional organization & communication skills
- Bachelor's degree required

EXPERIENCE:

- Experience with Software-as-a-Service sales, support, and/or implementation
- Experience working with or for education agencies (K12, State DOE, etc.), preferably in Utah
- Experience with enterprise project management or account management
- Former educator preferred, but not required

LOCATION: Salt Lake City, UT or similar within the State of Utah

ABOUT LEA(R)N

We are educators, technologists, researchers and experts equipping educators and their organizations to know which products are best for their classrooms. Our research-backed, online platform, LearnPlatform.com, combines teachers' rapid insights with multiple data sources, to improve instructional and budget decisions.

Lea(R)n is a high-growth, funded, "B" corporation ("for benefit"); previously a Kaplan Techstars and AT&T Aspire accelerator participant, we've been named the 2014 North Carolina Technology Company of the Year in Education, a 2015 SxSWedu LAUNCHedu awardee, 2016 district data tool of the year by EdTech Digest, and a partner for SETDA (the state edtech directors' association). Lea(R)n's innovative efforts have also received grants from the Bill & Melinda Gates Foundation, Michael & Susan Dell Foundation and others.
