

## Apply for The Lea(R)n Summer Fellowship

**Position:** Lea(R)n Fellow

**Job Description:** The Lea(R)n Fellowship is designed to provide active K12 educators an opportunity to engage with educators, thought leaders, and others to improve education technology decisions for schools, districts, universities and product companies across the country. Lea(R)n Fellows are experienced educators, in good-standing with their district, that believe pedagogy, practice and outcomes should have more impact on decision-making about which education technologies are best for our students and classrooms. During this year's summer program, you will collaborate with our passionate team of educators and technologists focused on improving education technology decisions in professional learning communities and their school systems. Lea(R)n fellows use their own professional insights and expertise, engage with key educators and leaders, and activate focus groups, surveys, outreach, and data analysis to improve current and drive new features of the Lea(R)n Platform that solve problems for teachers and administrators. Previous Lea(R)n Fellowship educators have created new features, professional development and had direct – and awesome – impact on educators and our team!

**Ideal Skills and Qualifications:**

- Active K12 educator in good standing with their organization
- Experience integrating/using/incorporating technology in classroom settings
- An interest in helping fellow educators
- Strong communication skills
- Availability to work up to one day/week at Lea(R)n's Raleigh office

**Time, Location & Stipend:** The Lea(R)n Summer Fellowship is an eight-week program scheduled to begin on June 14, 2017 and run until August 15, 2017. Lea(R)n offers a flexible schedule, but expects Fellows to commit to at least one (1) day per week at Lea(R)n's Raleigh office, located at HQ Raleigh.

- Time Commitment: Approximately 20 hours/week
- Compensation: \$3,000 (paid in two equal installments)

Location: Raleigh, NC (HQ Raleigh)

**Applications accepted until May 26<sup>th</sup> at midnight**

Apply by telling us why you're the best person to collaborate on this impactful professional development opportunity, and include your CV or LinkedIn account. Send your email to [jobs@learnplatform.com](mailto:jobs@learnplatform.com). We will review applications on a rolling basis, so apply ASAP!
