

# Introducing Precipitation Northwest's New Logo Nimbus

After months of collaboration with a local artist\*, Precipitation NW is excited to unveil our new logo, Nimbus. Nimbus speaks to Precipitation Northwest's blossoming relationship with Portland's Burning Man regional. We're the umbrella nonprofit that passionately serves our community from above.

We chose an open, airy design that evokes inclusive space. There's ample room under Nimbus's cloud for people, ideas, and art. Our cloud rains paint, which is a fine art and construction tool, because our grants support the purchase of supplies that artists need to realize their visions. We chose green for the text because Precipitation Northwest's goal is to help our community grow and thrive.

Nimbus complements the SOAK Raindrop by sharing its blue. The Raindrop's golden yellow is also one of our secondary colors.

## Our Mission

To facilitate opportunities for collaborative art, civic engagement, and leadership development.

## Our Vision

An inclusive Greater Portland community that thrives on civic contribution, non-commodified participatory art and events, education, and open-source leadership development. All are welcome to participate in this community, and participants are actively encouraged and enabled to share their creative gifts, learn, and grow together.
