The Greatest Souvenir Magnet Line In the History of the World

Shadow Box Magnets

Shadow Box Magnets are a souvenir magnet that is custom designed for specific destinations. With 100's of appliques and engravings available combined with a variety of wood species and font styles, their are seldom two magnets alike. They are laser carved and engraved from furniture grade hardwoods including Walnut, Cherry, Birch, Alder, Maple and Mahogany then hand finished and assembled. The customer chooses a name drop then chooses between appliques and engravings that are appropriate for their market. The magnets _always_ come assorted by size, and wood tone.
