ABOUT EAST BAY COMMUNITY FOUNDATION (EBCF)

The East Bay Community Foundation is helping build a community that is worthy of the people who call the East Bay “home”. Founded in 1928, EBCF is one of the nation’s oldest community foundations, serving people across Alameda and Contra Costa counties. We partner with donors, fundholders, social movements, and the wider community to eliminate structural barriers, advance racial equity, and transform political, social, and economic outcomes for all East Bay residents.

Over the past several years, the Foundation has started implementing new ways of partnering with donors, social movements, and the community at large. In addition to grantmaking, EBCF engages in advocacy within allowable limits to advance racial justice. EBCF works closely with donors as partners and leaders in this journey.
