- The game becomes faster and the opponents better with each successive level: Difficulty levels are divided into **50 kW, 100 kW, 150 kW, and 200 kW.**

*“I had been searching the app stores for a long time for a racing app that would be fun not just for me, but for my kids as well. That’s why we decided to take matters into our own hands, and set out ourselves to develop the best racing game available that just feels like a real console game. KING OF KARTS is the result, a game that guarantees huge fun and adventure for your whole family.”* Tim Kiener, CEO of POPCLAIRE says.

KING OF KARTS is available now on the Apple App Store, Google Play Store and Amazon App Store for 3.99USD.
