Thank you for
providing the Huddle
folders for our classroom.

They sure have come
in handy this year.

They are durable
and professional,

plus I was
saved from

having to purchase
folders for students.

Thank You! Heather

Thank you very much for the
ice packs, bandaids, and
hand sanitizers for Columbia
Independent School. These items
are all in high demand here
in the school nurse's office.

This is a great program and
much appreciated. Keep up the
good work! Thank again!

Trina Friel -
Columbia Independent
School

“Thank you for the free homework folders. They will go to good use. If the free nursing supplies are available, we would appreciate them also. We are grateful for your investment into our schools.” - Cathy Baumgartner, Christian Chapel Academy

ALLERGIES AHEAD OF TIME

3. You can find out if your seasonal allergies are exacerbated by food allergens. Many times, food can cause the same symptoms as seasonal allergies, and it's possible that an individual can be experiencing both food and seasonal allergies. Some people who have seasonal allergies might get an allergic reaction shortly after they eat certain foods. Some foods of concern include, for example, peanuts, which cause severe symptoms. While you're having trouble, seasonal allergies are known to be food allergen-related.

The ENT and Allergy Center of Missouri offers allergy testing on patients 3 years of age and older. To schedule an appointment, please call the ENT and Allergy Center of Missouri at (673) 817-3000.

Thank you for the hand sanitizer,
band aids, and ice packs. It comes
in handy with our little patients!

Thanks !!
Miss Kylee

Thank you!

Thank you so much for the awesome supplies!! The band aids were a definite need and the tiger stripes were a bonus!!! The kids have really perked up after being hurt when they see the awesome tiger paw hot/cold packs! It has all been a great help to our school!! Thanks again!!

Dear MU Health,

I am writing to express our school's gratitude to MU Health for providing our students with free homework folders that also contained flyers about health-related topics.. Because of MU Health's generosity, we were able to supply our students and their parents with invaluable information about the importance of immunizations in stopping the spread of diseases. Each of our students enjoys having a folder to safely transport their art and writing creations from school to home. It is our hope that MU Health will continue to value the opportunity to educate young people in this manner.

Sincerely,

Children's House Staff

Dear Huddle,

Thank you so much for the ice packs, bandaids & hand sanitizer. We use them frequently each day. You would be surprised the "magic" healing powers of bandaids & ice packs. It is very much appreciated when we receive these kind of donations for our school.
Thank you again!

Nurse Lindsey

Dear Mr. Davis,

Greetings in the name of Jesus Christ our Savior. Thank you for your partnership in this gospel mission. Your thoughtfulness is a boost to the confidence we have in the mission of Good Shepherd Lutheran School.

We would like to thank you and your partners at MU Health for your generous donation of FREE homework folders for our students.

It is our understanding that MU Health would like to make an additional donation of nursing supplies. We greatly appreciate your support and look forward to working with you in the near future.

In His Service,

Mr. Stephan Gonzales,
Principal

To Huddleinc. / UMC Health System

We the Staff/Faculty and students here at Christian Chapel Academy wish to thank you so much for the items we have received. The students really loved the Band-Aids with the tiger print on them and the tiger paw shaped ice packs they LOVED!! I could not tell if the students was getting hurt on purpose just to come in and get a cool Band-Aid and an Ice pack, it was funny I would try and give one of our old ice pack which is just a plain old square one to the students and they would say do you have any more tiger paw ice packs.
But once again thank you!!

Continue to the great work you do!

Thank you and God Bless
Tina Rice
Administrative Assistant

Tanner-

I just wanted to give a quick thanks for the folders which were sent to Chance Elementary and which were provided by Huddle and MU Health Care. Our teachers really appreciated them. They are already stuffed with information from our school and the classroom teacher and will be in kids' hands day one of school.

Thanks again!

December 2, 2015

MU Health:

On behalf of the teachers and students at Rock Bridge Elementary I want to extend our appreciation and a big THANK YOU for the great folders provided to us.

The heavy weight is wonderful as these Friday Folders will get much use throughout the school year, traveling back and forth between school and home.

The separate printed pockets designating whether papers should remain at home or require action and should be returned to school are a great bonus.

Again, our sincere thank you for providing these valuable tools to enhance the educational process for our students and parents.

Sincerely,

A handwritten signature in black ink that reads "Ryan Link".

Dr. Ryan Link
Principal

“I use them in my classroom for Friday folders. I really like them because they have a unique design, and I think it helps students recognize them when they take them home, as I get more folders returned and signed on Monday. In the past, I have used generic, unmarked folders, and I did not have the same rate of return.”

- Kevin Morawitzm, Mill Creek
