SCAMORZA

Ferndale Farmstead
Ferndale, Washington

“We are proud to present this Scamorza, a signature Italian cheese. This cheese is hung on ropes to age, a technique used by artisans for hundreds of years. This gives it the characteristic pear-shaped body, which is sure to be a classic on any cheese plate. A relative of our Fior di Latte mozzarella, but with a bolder and more buttery flavor. It is also great in recipes like lasagna, where the delicious melting of the "stretched-curd" family of cheese is desired.”
