Savino Del Bene, whose name is eponymous of its founder, began in Florence, Italy in the early 1900s. The company’s early focus was to develop freight forwarding services primarily to the USA. Today, Savino Del Bene is a global company with a network specialized in logistics and supply chain management, offering a wide range of services from ocean shipping, to air and truck shipments, around the world.

Savino Del Bene provides worldwide services, with more than 3200 employees, 151 own branches, 66 subsidiary offices and strategic partnerships.

We offer advanced shipping services, customs clearance, warehouse management and a variety of logistics support products. We constantly strive to enhance our relationships with our core air and ocean transportation partners from whom we demand the highest flexibility in order to give our customers the best service at the most competitive rates.

Our experience in various market areas makes our company a reliable partner for all businesses where shipping and transportation is required. For over 100 years, with our customers valued support, we have kept an eye on future global strategies ensuring the certainty of our long term mutual success.
