FOR IMMEDIATE RELEASE

## GetPayroll™ To Officially Launch SIMON™ At SXSW Press Conference

**Lewisville, Texas. March 7, 2017** – GetPayroll™, a fully assisted, digital payroll and tax compliance service for businesses of all sizes will use South-By-Southwest (SXSW) as the official platform from which to formally introduce the world's first green and completely smartphone app payroll solution for owners and operators of micro-business (10 employees or fewer). Currently, there is no other payroll company that is available as an app, completely paperless, and focuses solely on micro-business to gives them exactly what they need at a price they can afford.

**The product launch will take place at a News Conference and live product demo on Monday, March 13 from 2:00 until 2:45 PM at Booth #1026-1028 from the SXSW Interactive Trade Show in the Austin Convention Center.**

Following in the footsteps of such notable tech startups as Twitter, Foursquare and PhoneBooth Free, all of which officially launched at SXSW, GetPayroll hopes that this incredible forum will render just the magic they need.

"SXSW is a breeding ground for innovative thinking and SIMON fits that description perfectly," said GetPayroll President and CEO, Charles Read. "Entrepreneurs, startup companies and visionaries attend South-By in record numbers every year, and those are exactly the types of people we expect to impact with our product. Frankly, we can't wait for March 13!"

A 3-Click® Paperless Payroll app, [SIMON](#) provides entrepreneurs with all the necessary tools to affordably, easily, and efficiently manage their company's payroll at their fingertips. SIMON is first available for iPhones, with an Android version set to release shortly.

### SIMON Key Points

- *Designed exclusively for **micro-businesses with up to 10 employees.***
- *The first true **GREEN** payroll, 100% paperless. **100% online.***
- *100% available on your **smartphone** and every other e-device.*
- ***SmartPay** technology. **Run payroll in 3-clicks.***
- *It's all **LITERALLY** at your fingertips.*
- ***Exceeds the needs of 74.76% of all businesses in the United States.** ([3,838,000 out of 5,134,000](#) as of 1Q 2016).*
- *Affordable and all-inclusive pricing **starting at only \$20 per payroll.***
- ***No fees unless you run a payroll!** No monthly fees. No hidden fees.*

Following a descriptive introduction and video from Read and the apps developer, Alec Tremaine from Defy Marketing, Read will offer a full demonstration of SIMON's capabilities. GetPayroll will also offer any person who views the demo a free month of SIMON.

They will also have a drawing at the end of SXSW where 5 micro-business owners will receive an entire year of SIMON free. Additionally, SXSW attendees who get started using SIMON by the end of

March 2017 will receive a special price of \$15 per payroll for 1-5 employees and \$20 per payroll for 6-10 employees. No other payroll company offers exactly what micro-business owners need and want for this price.
