

# Make Your Own Little Card!

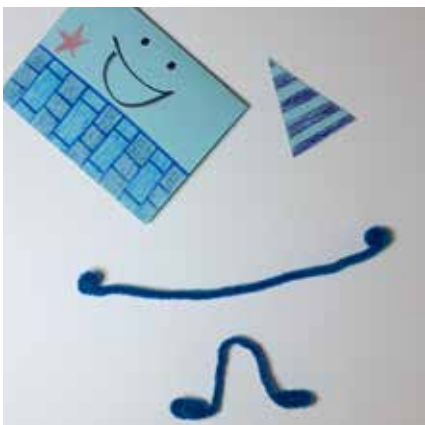

**1.** Cut out a piece of construction paper to the size of a postcard (approx. 4" x 6"). Fold the rectangle in half length-wise (the fold will be at the top). Cut out another piece of paper in the shape of a small triangle for the hat.

## WHAT YOU NEED:

- Light blue construction paper
- Crayons or markers
- Scissors
- Tape (double-stick works best)
- 2 Blue pipe cleaners
- 1 Pom-pom (we found a sparkly one, but any kind will work)
- 2 googly eyes (optional)

**2.** Draw Little Card's face, "book pants", and gold star. Flip it over and sign your name as you would on a library card. Color the hat with stripes, or whatever you like.

**3.** Curl the arms and legs into shape.

**4.** Tape the arms and legs to the inside of the body and fold it closed. Glue on the googly eyes, if using. Glue the pom-pom to the hat, and the hat to the body. As Little Card would say, "Ta-da!"
