## ABOUT

I am an easy going person. I have lots of energy and I always go to work with a smile. I enjoy working and learning at the same time. I am a team player and I love to create a good environment with my workmates.

I am passionate with UX/UI design and the anthropological world around it. I love user-centered design and applying it to make user friendly apps and webs. I love planning and testing improvements for users and learning from how they react to them.
