We kick off the 2010 year with our January meeting being a Lunch gathering at the Skyline Hotel on Rockside Road. Join us as we will be focusing on the ASHRAE Learning Institute by providing a continuing education course on refrigeration. Our chapter President, Rob Laneve will be presenting this educational topic. ASHRAE eLearning is a complete on-demand, online learning system ideal for individual and corporate training. With ASHRAE eLearning you can start immediately, work anytime and at your own pace to earn PDHs / CEUs on your desktop. Learn key skills and practical applications, online!
Welcome back everyone and hopefully the new year has treated you well thus far. For January and February we will be having lunch meetings at the Skyline Hotel on Rockside. We look forward to seeing some new faces. It is our hope that the lunch meetings will allow additional chapter members, who may not be able to attend our Monday evening meetings, to join us.

Back on December 3, Mr. Fred Hollman kindly represented our Chapter at the NAWIC sponsored Sixth Annual Joint Associations Holiday Social. Thank you Fred for carrying our torch! ASHRAE was one of thirteen participating organizations.

Our chapter roster book is targeted to be published in January, so be sure to attend our February meeting to obtain your current copy.

And lastly, be sure to watch for your ASHRAE Social Invitation...it will provide details on our Saturday February 13th Social...a night on 4th Street!...orchestrated by our Social Chairman, Mike Denk.
If you know of someone who is actively attending college to earn a mechanical or architectural engineering degree at a Northeast Ohio University or out of the area but is from the Northeast Ohio area, please point them in a direction of a Sal Triana Scholarship possibility. The intent of this scholarship is to help those engineering students seeking to someday make a career in the HVAC consulting/engineering/sales businesses get through the financial struggles of a higher education.

Applications can be found on the Cleveland ASHRAE Website and e-mailed to kborah@karpinskieng.com. If you have any questions please feel free to contact Ken Borah at 216-391-3700.
The Cleveland Chapter is always looking for donations to help with ASHRAE Research. Remember that as we get to tax season, that all donations made this year will be tax deductible for the 2010 year returns! So what better time to take care of all your business and remember to write off any donation you made in the 2009 year on your upcoming returns. It’s also a great time to review what Research projects might have assisted you, for instance, the updates to the ASHRAE 90.1 continue to clarify all those LEED details that building owners are looking to gain. Any amount will help, and for as little as $100 all individuals will be recognized by ASHRAE and our Cleveland Chapter as an Honor Role Donor. Please keep this in mind as we go through the new year. Here’s to a better 2010 then 2009, profitably and personally.

Your continued participation at this level is appreciated to meet this year’s campaign goals to provide funding for current projects. Please go to ASHRAE.ORG/RESEARCH PROMOTION to learn what ASHRAE Research can do for you!

For more detail & information go to the Research Promotion Quicklink!

ASHRAE Research Promotion Chair for the Cleveland Chapter
Bob Chmielewski
With an exceptionally difficult recruitment market, the ASHRAE Jobs Career Center has been averaging 55 active job postings per month and just over 5,000 monthly job seeking visitors. Recruiters are experiencing, on average, 12 online applications per job posting and have access to just over 1200 resumes that have posted its launch on June 15.

ASHRAE Jobs is not only about the hire. It is the path to a hire. By visiting www.ashraejobs.com, you can search for certain skill sets and demographics that you are “always looking for”. It is the place to capture high performers you can use to replace underperformers. Is this the place to see if your competitors people are out searching and interested in you.

ASHRAE Jobs understands you do not want to be sold to. But you still have opportunities and problems, and may need a professional to discuss those with. That is what you can expect from ASHRAE Jobs: a no-strings-attached conversation where a representative listens and then makes recommendations whether they include ASHRAE Jobs or not. For more information, visit www.ashraejobs.com, call 888-482-2562 or e-mail John VonHarz at jvonharz@ashraejobs.com. An ASHRAE Jobs representative is available during business hours to discuss your firm’s needs and make recommendations on next steps.

Life Member Paul Berkild says he would like to donate his ASHRAE Handbook Collection as well as other Industry specific materials to any young and ambitious Engineer looking for a firm foundation. Paul was with American Standard and Grinnell Piping Products on the Wholesale Side of the business. Paul can be reached at 216-431-4311 in Rocky River.
Former Member **John D. ("Jack") Campbell** died on November 14, 2009 at age 75, at his home in Punta Gorda, Florida, where he had retired in 2001. Jack was an expert in the application of gas infra-red and other industrial heating and ventilating equipment, and founded the Western Reserve Energy Corporation, representing manufacturers, in 1977. He held a B.S. degree from Case, where he was a member of Phi Delta Theta. He had lived in Hudson, Ohio, where he had been a founder and President of the Hudson Country Club, and a member of the First Methodist Church. He is survived by his wife of 55 years, Naomi ("Noni"); son Scott, who continues at WREC; son Doug and daughter Anne; 5 grandchildren and a great-grandson.

Former member **Albert B. Lordo** died recently at age 90. Al was a design engineer who worked at Traina, Hollman & Associates in the 1960s before establishing A.B. Lordo Associates. He was married to Rose Marie for 65 years, having 3 children, 3 grandchildren, and 3 great-grandchildren. Services were held at Holy Family Church on York Road on November 30.

**John R. “Jack” Craun**, former President of the Craun-Liebing Company, died in Weslaco, Texas on Tuesday, November 24, 2009, of cancer at age 78. He was also a First Lieutenant in the U.S. Army, and past Commodore of the Vermilion Yacht Club. He is survived by his wife Margaret, a sister, two children, five grandchildren, and two great-grandchildren. Jack was widely known among our chapter membership; and Craun-Liebing has a long association with our industry, ASHRAE, and its predecessor Societies. Jim Craun and Bill Liebing founded Craun-Liebing in 1922 as the first independent Marley representative; they were succeeded by Jim’s sons, half-brothers Ed and Jack Craun, and Bill’s heir Adrian Keefe. Today Adrian’s son Randy, and Shawn Beres, remain active in ASHRAE affairs.
January 20, 2010
Lunch Meeting:
ASHRAE Learning Institute
Location: Sheraton Rockside

February 12, 2010
