SEPTEMBER 2007

SEPTEMBER MEETING

Ohio School Construction

September 17, 2007

Times:	4:15-5:30pm	Board Meeting
	5:30-6:15pm	Happy Hour
	6:15-7:15pm	Dinner
	7:15-8:15pm	Presentation

Speaker: Franklin Brown
Location: Harry's Steakhouse
5664 Brecksville Road
Independence, OH 44131

R.S.V.P. @ (216) 373-0315 by 12:00 Noon on Friday, September 14th for Reservations.
Please state if you need a CPD Certificate. Dress Attire is Business Casual.

Welcome back ASHRAE Members! Our September meeting speaker will be Mr. Franklin Brown, Planning Director of the Ohio School Facilities Commission. Mr. Brown will be providing us with an update on the OSFC Design Manual and Ohio school construction progress. You may recall Franklin's previous visits to the Cleveland and Akron ASHRAE Chapters. We are very fortunate to have him with us again, so be sure to bring your most challenging questions regarding OSFC!

THE PRESIDENT'S CORNER

BY KEN WISSNER

September 7, 2007

As summer is quickly coming to end, we begin a new year in the Cleveland ASHRAE Chapter.

I would like to personally recognize and thank the other board members and committee chairs for their hard work and effort to make our chapter a success. All of which make things better for the chapter members and my job much easier. Although, I don't think I can fill his shoes, a special thanks to Ken Borah for leaving things in a manner that make it easier for me to step in this year. If anyone is interested in serving on a committee, please let me know. We are always looking for good people to help out.

As I reflect back on my predecessor's campaign promise of "STEAK" at every meeting, I find it hard to top. Especially considering our attendance for last year increased. So I ask my constituents, was it the steak or was it the topics and good company that caused you come?

More seriously, please consider attending as many meetings as you can. We have put together another list of programs that will be of interest and value to the members. Please review the meeting topics presented in this newsletter and be sure to mark your calendars now. I am confident that all who attend our programs this year will benefit.

Also, thanks to all who attended the golf outing this year at Columbia Hills Country Club. We appreciate your support and it was a big success. The weather, as well as the accommodations, was perfect. And as usual, Lou and his crew did a great job.

IN THE NEWS...

Cleveland ASHRAE Obituaries

We mourn the recent loss of long-time active members of ASHRAE:

James M. Pier, Sr. died August 2, 2007, following a long struggle with cancer. Jim founded J. M. Pier Associates, Inc., and dynamically led that organization for many years, while continuing his strong support of ASHRAE throughout. He can truly be said to have changed the marketing of mechanical equipment in Northeast Ohio. Survivors include wife Brenda, ASHRAE member Jim Pier Jr., five other children, and eleven grandchildren. Services were held at St. Sebastian Catholic Church in Akron.

William Reid died August 6, 2007 at age 78. Bill had continued to operate Reid Industrial Sales, and regularly attend ASHRAE meetings through last spring. He was always the courteous polished gentleman, and a friend to all. He had also served as a Commander in the U. S. Navy. He is survived by his wife of 47 years, Harriet, three children and nine grandchildren. Services were held at the Evangelical Covenant Church in Hudson.

Charles J. Cammock, Jr., well known to many older ASHRAE members for his sense of humor as a sales representative, died recently at age 91. Charlie would be pleased to be remembered as the father of "Value Engineering" - he was fond of telling of his first job in the construction industry. He worked for his carpenter father, making a substitute for rare and expensive "wormy chestnut" wood out of ordinary lumber, using a hand drill. His product then was then made into elaborate paneling for Euclid Avenue mansions.

Robert M. Hopper, a retired Member of ASHRAE, died recently at the age of 89. Bob was active in the Cleveland Chapter in the late 1970s, and was formerly with Suburban Power Piping, located in the building which was later converted into the Rain Forest at the Cleveland Metroparks Zoo.
