THE UNDERGRADUATE ASSOCIATION COUNCIL
CONDEMNS RACISM and CALLS ON MIT SENIOR LEADERSHIP
to ADVANCE ANTI-RACIST SOLUTIONS

Whereas the death of George Floyd, Tony McDade, Breonna Taylor, and Ahmaud Arbery, are motivated by racism consistent with the 400-year history of American slavery; and

Whereas national conversations of race, racism, and policing contribute directly to concerns of diversity, equity, and inclusion which are important for the Massachusetts Institute of Technology, whose President has defined a vision for “OneMIT”; and

Whereas this consensus decision is the beginning of a longer and broader conversation and course of action amongst our community; and

Whereas the membership of the Undergraduate Association Council represents all dormitories, fraternities, sororities, and independent living groups, as well as off-campus students, effectively representing the whole undergraduate student body; and

Whereas the Undergraduate Association Council Bylaws Article V., Section A., Part 1b. grants the Undergraduate Association Council the right to issue a “consensus decision” which manifests as a “written statement of policy position” with issuance wherever deemed necessary; and

Whereas the current Undergraduate Association Council voted affirmatively to release a consensus decision on June 11, 2020 with direction toward the Massachusetts Institute of Technology senior leadership whose role is uniquely qualified at the Institute to enact the policy raised in the undermentioned resolve; Now, therefore, be it

Resolved, That the Undergraduate Association Council calls upon MIT to:
