

I found you during my internship at Confederate Memorial Medical Center (now LSU Health) from 1962-63. I had to serve in the USAF 1963-65. While in the service, I often said that when I returned to Shreveport, I would attend Noel. I came back and joined the choir in 1965. I am thankful that when I married Carol, she, too, embraced Noel.

The Upper Room Sunday School class has meant a lot to Carol and me.

*Thanks Noel, Warren D. Grafton, MD*

Thank you for being such a wonderful church! The members, clergy and staff are a family for us. The music offerings are a blessing for us and the Shreveport-Bossier community.

We are so appreciative of the renovations to Noel, especially since my husband's recent fall and surgery have caused us to use the elevator and ramps. We are so grateful that the capital campaign included those much-needed renovations. Many thanks to the visionary planning and donations and funding designated for those projects.

We have so many blessings to be thankful for.

*Prayerfully, Carol Grafton*
