

I have been a member of Noel all my life. My parents were members and all us kids were members; and when I married, I was married at Noel and both my kids grew up in the church and were active in the youth group, went on all the mission trips, and just loved it. I guess I am trying to say that this church has been a big part of all our lives; and now I am thankful for all the missions this church has participated in, and are still doing today. This church has always been an active participant in missions and helping others. That's what I love about Noel. The friendliness and outreach to others has been awesome. I have talked to several of our most recent new members; and what they say about Noel's members is always favorable and a feather in our caps. I would like to close by saying "way to go Noel," "God is truly in this place."

*God Bless, Judy Jones*
