

EMMA ELIZABETH JEWELRY

CONFIDENT - EDGY - UNIQUE

How to find your ring size:

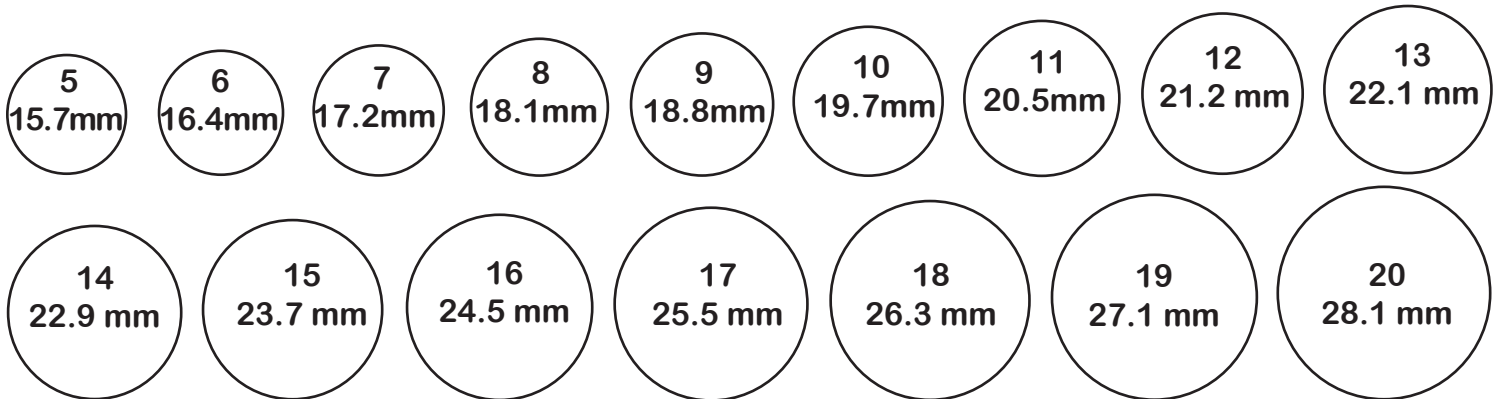

Please note THIS CHART MUST BE PRINTED, it will NOT work if you measure directly from the screen. Ring sizes represented on chart are for the US and Canada.

What you need: a ring that fits you or the recipient and a ruler

1. PRINT THIS CHART make sure that page scaling is set to 100% before you print. (CTRL+P)
2. CONFIRM THAT YOU PRINTED CORRECTLY
To confirm, measure one of the bars using a ruler. The bars must measure exactly 1 inch or 30mm long. If they do not, you have not printed correctly. Go back to part 1 and try again before moving on to part 3.

3. FIND YOUR RING SIZE
If your measurement is between sizes, for example in between 9 and 10, please order a half size. In this case you would order a size 9.5.

Using the circles provided place the ring you selected over the circle. Make sure the inside of the ring lines up with the outside of the circle. If you are between sizes, order a half size.
