Residents must be current in the payment of association dues, have received and have on file a signed copy of this Pool Policy, and must wear a resident's wristband before being permitted to use the pool. Using the pool when these conditions are not met (such as going to the pool with another resident when the dues account is past due, Pool Policy contract is not signed, or not having a current wristband) is not allowed.

Access to the pool is by wearing a current SCF-issued wristband. One wristband is issued per person. Wristbands must be worn while using the pool. Lifeguards do not distribute wristbands. All wristbands, including replacements bands, are distributed by the Pool Committee. Sharing of pool wristbands is not permitted. If caught sharing or in the possession of another person's wristband, all parties could lose privileges for a period of time decided by the HOA.

Use of the swimming pool will be permitted only when a lifeguard is present, hired by the HOA, or in the case of certain organizations authorized to use the pool (such as swim team), hired by that organization. All persons using the pool do so at their own risk and sole responsibility.

He/she has authorization to suspend privileges of any resident or guest for one day for violations of these rules and/or intimidation of the lifeguards by physical, mental, or verbal abuse. An incident log will be kept for documentation.

Discipline for repeat offenders will be brought to the attention of the HOA, which will follow the SCF Bylaws when dealing with discipline.
