THE BASIC PEDESTAL

SPECS:
- **Heights:** Your choice of 36", 38", 40", or 42".
- **Pedestal top dimensions:** 18” x 18”.
- **Colors:** Your choice of black or white top.
  Pedestal base comes in black only.
- **Composition:** Black anodized aluminum framework with a removable polymer top in white or black. Anodized finish is very tough and scratch resistant. All pedestals are shipped in a complimentary canvas storage bag to keep your display looking good. All DDS products are created with the finest materials and workmanship.

BENEFITS:
- **Collapsible:** The frame collapses to 2” x 2” by desired height. Compact design is easy to ship, transport and store when not in use.
- **Lightweight:** Basic unit weighs 10 pounds.
- **Easy to use:** Assembles in less than one minute! No clips, no screws, nothing to lose.
- **Weatherproof:** Won’t chip, crack peel or fade. UV resistant and waterproof.
- **Durable:** Anodized aluminum framework creates a very strong durable pedestal capable of supporting up to 50 pounds.
- **Economical:** Buy it once, use it forever.

STANDARD FEATURES:
- **Adjustable feet:** Allows for 1 inch of adjustment per leg of pedestal to accommodate uneven surfaces.
- **Storage shelf:** Pedestal comes with one shelf. Allows for storage of lightweight materials. Additional shelves may be ordered for added stability and storage organization. (see photo)

OPTIONAL FEATURES:
- **Skirts:** Designed to fit snugly around framework with velcro attachments. Available in a variety of colors. (4 sided panels on single units, 3 sided panels on double units, 3 or 4 sided panels on bridge units.)
- **Panels:** Black panels affix to framework inside the legs to create a clean professional look.
- **Additional tops:** Available in 18” x 18” in either black or white.
- **Lawn spikes**

Pedestals with shelves offer additional display area within the same linear space. To increase your display space, you may order stacking shelves up to 2 stories in height.

Shelves are available in both single and double sizes and can be fitted onto any of the three pedestal sizes. They may be stacked up to three shelves high for maximum display area.

All shelves are made of tempered glass and can support heavy items. Each glass shelf is surrounded with an anodized aluminum framework. Stacking shelves have holes in the framework to accept location pins in the corners of the vertical support posts. They are secured with set screws.

**SPECS:**
- Single shelves (+posts): 6 pounds
- Double shelves (+posts): 9 pounds
- Freestanding shelves
  - Single shelf: 11 pounds
  - Double shelf: 16 pounds

The Jewelry Case Bridge Unit offers more options for combining jewelry cases and shelves onto our largest pedestal top. At 47” long, you may choose to order the bridge with any combination of single or double jewelry cases or shelves to be positioned in the center of the pedestal or offset to one side.

Here are a few variations. For more variations see the overview of display combinations in the front of this catalog.

**SPECs:**

**Inside dimensions of jewelry case:** see single and double jewelry case sheets for all dimensions

**Height:** Your choice of 36”, 38”, 40” or 42”

**Pedestal top dimensions:** 18” x 48”

**Pedestal base dimensions:** 15” x 48” x 36”-42” height

**Weight:**
- Pedestal base: 11 pounds
- Pedestal top: 13 pounds
- Jewelry case: single-10 pounds, double-14 pounds
- Storage shelf: single-1 pound, double-2 pounds

See Basic Jewelry Case sheet for standard and optional features

**OPTIONS:**
- Black jewelry case finish
- Lighting (see page 14)
- Skirts or panels to enclose base
- Choice of four pedestal heights
- White or black pedestal top
- Extra storage shelves (see page 1)

For more vertical display space for precious objects, we offer stacking jewelry cases. In either single or double sizes, angled or flat jewelry case configurations, these units may be combined in a number of ways to fit any of our pedestals. Obviously, the first layer must be a shelf or a flat jewelry case.

Here are some variations.

**See Basic Jewelry Case sheet for standard and optional features**

### OPTIONS:
- Black jewelry case finish
- Lighting (see page 14)
- Skirts or panels to enclose base
- Choice of four pedestal heights
- White or black pedestal top
- Extra storage shelves (see page 1)
- Lawn spikes
Our jewelry case interior lighting is designed to provide optimum lighting in a compact, inconspicuous format.

Modular 15" light strips can be easily mounted within the case on the front or along the side. The light cord travels along the corner post inside the case, down through a small hole in the pedestal top and base, finally connecting with the transformer.

There are 4 lighting styles to choose from:

**SPECS:**

Xenon & Halogen light strip:  
13 1/2" x 1 1/8" x 1", Three bulbs per strip  
Left mount or right mount  
2 strips are suggested for double case (as shown above)  
60 watt transformer  
Bulbs are interchangable

1. **Xenon bulbs:**  
   Fixed 10 watt bulbs

2. **Standard halogen lighting:**  
   20 watt, MR-11 Halogen bulb  
   1.25" diameter  
   Moves in 90 degree arc perpendicular to the light strip

3. **Premium halogen lighting:**  
   20 watt mini MR-8 halogen bulb  
   1" diameter  
   Eyeball socket allows for 360 degree rotation of light bulb

4. **NEW LED diamond light:**  
   12 1/2" x 1 1/8" x 1" with 10" bulb length  
   Color corrected natural daylight  
   Super low heat build up  
   Ultra-long life  
   Great for use with batteries  
   Transformer included

**OPTIONS**

Pig-leg adaptor wires are available for use with batteries where electricity is not available
Our modular lighting can now be mounted onto our shelves! The lighting simply clips onto the side of the shelf. The cord travels through the pedestal top as shown on page 14. Each light strip holds three bulbs in any of our three choices: xenon, standard halogen or new premium halogen.
SHIPPING CASES

Designed to travel, these shipping cases have built in wheels and recess, snap-down handles. They are made to haul cargo with ease while providing the ultimate protection during the rigors of airport abuse.

Shipping cases conform to airline and UPS size regulations.

Call for recommendations on case selections. Check with your airline for weight and size limitations.

**SPECS:**

**Large case:** 34 lbs.
48.25" long x 19" wide x 11" deep
Maximum recommended weight 100 lbs.

**Medium case:** 30 lbs.
40" long x 22" wide x 9" deep
Maximum recommended weight 140 lbs.

**Small case:** 20 lbs.
48.25" long x 10" wide x 10" deep
Maximum recommended weight 100 lbs.

**Fly-with-me case:** 16 lbs.
