

**JOB VACANCY
PROGRAM DRIVER**

Background

The United States African Development Foundation (USADF) is an agency of the United States Government. USADF supports the development of smallholder agricultural producers, community based organizations (CBOs), small-scale agribusinesses (SSAs) and small and medium-sized enterprises (SMEs) in Africa. The Foundation has programs in more than 20 African countries including Tanzania, where funding of activities began in 1986. USADF's office in Dar es Salaam provides on-going support to investments that have been financed and continues to identify viable local SMEs and grassroots organizations that show potential to create employment opportunities, generate income and have broad social impact.

USADF seeks a qualified individual to serve as a Program Driver for its field office in Dar es Salaam, Tanzania.

The Contractor is responsible for supporting the Tanzania Field Office in carrying out the activities of the country program under the direction of the Regional Program Director. In this role, Contractor will perform driving duties.

Required Minimum Qualifications:

1. Completion of Ordinary Level Certificate of Education
2. Valid driver's license
3. Fluency in spoken Kiswahili; and ability to speak and understand English
4. Knowledgeable of operating and safety rules and regulations
5. Ability/experience in basic mechanics.
6. At least three (3) years of professional driving experience working with private and/or public corporations.
7. Familiar with routes, driving conditions, and services available in the various regions of Tanzania.

The successful candidate will be required to obtain a satisfactory background clearance through the United States Embassy.
