

PRODUCT SPECIFICATION BULLETIN

PORTABLE FIBER DRUM DECHIMER

CONVENIENT

The Wizard® Portable Fiber Drum Dechimer is designed for a low to moderate volume of fiber drums.

SPECIFICATIONS

- ▶ Baldor Motor: low speed, high torque, fan cooled gear motor
- ▶ .09 HP, 115V or 230V, AC 50/60HZ
- ▶ Included coiled cord
- ▶ On/off switch for ease of use
- ▶ Weight - 34 lbs.
- ▶ Dimensions - 32" x 12" x 12"

BENEFITS

- ▶ Quiet - supplied with a quiet motor and tangle resistant cord
- ▶ Reduce operating expenses - reduces waste, hauling, storage and landfill fees and costs
- ▶ Fast - removes chime in less than one minute
- ▶ Portable - lightweight

ABOUT WIZARD DRUM TOOL CO.

Wizard Drum Tool was established in 1964 as a product of the Hydro-Thermal Corporation when they acquired the rights to manufacture the self-propelled drum deheader. The deheader was designed by a local inventor in response to a need in the food industry to open tomato paste shipped in 55 gallon steel drums. An inside cut deheader was later developed as a spin-off product in response to the non-food industry. Drum deheading accessories were later added to the product line. In 1990, Wizard was designated as a separate company and headquartered in Waukesha, WI.
