

## Sizing Tips

For cross reference please check the cm length on the sizing conversion chart to ensure you are ordering the correct size.

The length in cm is the total length of the thongs from the heel to the tip of the toe area.

## Print & Measure your own footsize

Simply print this A4 size page footchart at actual size (100%) and not fit to page.

From there you'll quickly and easily be able to measure up for a new pair of Souls.
