Vatic Utterance

Curated by Sam Jablon, this show features artists who play with the line between abstraction and language. We can't wait to see what Siebren Versteeg is showing—at Material Art Fair, his computer program that generated paintings from contemporary news images stood out. And appropriately, given all the shady gentrification stuff going down in Sunset Park, the show draws inspiration from a Rene Ricard poem:

Vatic Utterance

If I love you
There is no limit
But love is Luxury
Housing
The rent must be
paid
The lease expires
Evictions are noticed
And a new Tenant
Moves in

Artists: Mike Cloud, Austin Eddy, Ron Ewert, EJ Houser, James Hyde, Sam Jablon, Ezra Johnson, Margaux Ogden, Tracy Thompson, Siebren Versteeg, Wendy White, Seldon Yuan
