15. "The Roger Ailes Memorial Show: Fair and Balanced" at yours mine & ours

There's no exhibition statement for this one. Instead, the gallery website offers a *New York Times* editorial by Monica Lewinsky slamming the late Roger Ailes for spearheading Fox New's negative coverage of her affair with former President Bill Clinton, and the sexist corporate culture he fed during his tenure at the network. The work on view is by Amy Bessone, Ria Brodell, Taylor Davis, Rochelle Feinstein, Nash Glynn, Cindy Hinant, Jane Fox Hipple, Sam Jablon, Tony Lewis, Gregory Lofthouse, Anahid Mishek, Hannah Rowan, Karen Schwartz, Siebren Versteeg, Allison Wade, Nicole Wittenberg, and [David Wojnarowicz](#).
