PREVENTION IS THE ANSWER DARKNESS TO LIGHT

**1 in 4 girls will be sexually
abused by the time
she turns 18.**

**There are more than 39
million survivors of
sexual abuse in America.**

**More than 90% of abusers
are people that children
know, love and trust.**

**A trained adult can protect
an average of 10 kids
from sexual abuse.**

The statistics are startling. 1 in 4 girls and 1 in 6 boys are sexually abused before their 18th birthday. In more than 90% of these cases, the abuser is someone the child knows and trusts.

But there's good news too. The Y has partnered with *Darkness to Light* to bring its award-winning prevention program, *Stewards of Children*, to Orange and Chatham Counties. *Stewards of Children* is designed to educate adults on how to recognize, prevent, and react to the reality of child sexual abuse.

**Our goal is simple: to educate and
prepare our community to deal with and
prevent child sexual abuse.**
