2021 PARTNERSHIP OPPORTUNITIES

CONNECTING COMMUNITIES THROUGH MEDIA ARTS • VCMEDIA.ORG/FESTIVAL
OUR STORY

Visual Communications’ mission is to develop and support the voices of Asian & Pacific Islander filmmakers and media artists who empower communities and challenge perspectives.

Founded in 1970 with the understanding that media and the arts are powerful forms of storytelling, Visual Communications creates cross cultural connections between peoples and generations. The organization has created award winning productions, nurtured and given voice to our youth, promoted new artistic talent, presented new cinema, and preserved our visual histories.

2020 was a challenging year for many of us. In our continued work to create spaces for expression, engagement, and empowerment, Visual Communications is proud to present a hybrid edition of the 37th annual Los Angeles Asian Pacific Film Festival from September 23 to October 2, 2021. Our featured media artists will come together to celebrate their work virtually and in person.
