6:00 – 7:00 Dinner, outstanding poster awards
7:00 – 8:00 Speaker – Wayne McFarland, P.E. - Ethical Decisions: The Flint Water Crisis

Call for Student Posters

We are pleased to invite the next generation of environmental professionals to participate in a Student Poster Presentation and Contest.

Four outstanding student posters will be recognized; A&WMA and AIHA local sections will each present a $250 cash prize to both a graduate and undergraduate student.

Student posters on any subject related to Environmental Science, Environmental Engineering or Environmental Health & Safety are welcome. Posters may represent graduate or undergraduate work, however please note the eligibility requirements for awards.

The poster can be on your area of research, a project you have been involved with, an internship experience, a paper you have written or an area you are passionate about.

Guidelines:

- A research format should include a clear statement of the research objective or hypothesis, materials and methods, results, discussion, conclusions.

- An internship poster should include the name, location and a brief description of the company/organization you interned with. A description of the internship position, dates and duration, name and title of your supervisor. Describe the main tasks and duties performed, skills developed, new experiences and opportunities for professional development.
Projects and papers should include a clear description of the subject/problem/issue investigated, background information, your approach/methodology, lessons learned, recommendations/solutions, conclusions.

All posters should feature a title, your name, your educational institution and should credit others, as appropriate. Posters should be no larger than 4 ft by 5 ft. The title lettering should be about 2” to 3” (5 cm to 7.5 cm) with subheadings ½” to 1’ high (1.25 cm to 2.5 cm).

All lettering should be legible from about 5 feet (1.5 m) away. Text material should be approximately 24 points (1/4”/.625 cm).

Convert tabular material to a graphic display, if possible.

Use color to add emphasis and clarity.

Make illustrations simple and bold. Enlarge photos to show pertinent details clearly.

Displayed materials should be self-explanatory, freeing you for discussion.

**Posters eligible for the CNY AIHA award:**

1. Must be enrolled as a student (undergraduates and graduates are both encouraged to present).
2. Must have a focus on human health and the environment. Occupational health/industrial hygiene topics are especially welcome.
3. Must submit an abstract by Friday November 4, 2016. The abstract should be a concise summary of your poster, 250 words or less on a single page. Be sure to include your name, institution and title of the poster. Abstracts should be submitted to Timothy Kohanski (kohanskitd@gmail.com) by the deadline.

**Posters eligible for the CNY A&WMA award:**

1. Must be enrolled as a student (undergraduates and graduates are both encouraged to present).
2. Must have a focus on air or waste management, environmental monitoring, environmental management, air pollution, air or waste regulatory compliance/permitting or any other closely related topic.
3. Must submit an abstract by Friday November 4, 2016. The abstract should be a concise summary of your poster, 250 words or less on a single page. Be sure to include your name, institution and title of the poster. Abstracts should be submitted to Scott Mosher (scott.mosher@obg.com) by the deadline.

We please ask any participants to also register for the meeting at: [http://www.awma-cny.org/new-events/](http://www.awma-cny.org/new-events/). Any presenting students will have their dinner and meeting registration fees waved. Thank you for your interest in our 2016 poster contest, and we hope to see you at the Gateway Center!
