Vote in PVHA election

To the residents of PVE and Miraleste: You should be receiving a ballot in the mail this week (or very soon). This is your opportunity to vote

for the PV Homes Association Board of Directors. You can only vote ONE time per lot (not twice for husband and wife!), and you can't vote a second time or you will invalidate your vote. The current board has stated that they will not count the ballots unless a quorum is reached. Instead, they will re-appoint themselves which they are entitled to do! So reaching a quorum is very important. Vote for whomever you wish, but in my opinion any person you vote for should have signed a pledge that they will not sell parkland and each candidate should agree all future elections be open and transparent (most votes wins). All of the new candidates have signed this pledge. I sincerely hope the current HOA board members will sign this pledge. The current HOA has authorized an appeal to a lawsuit in which the judge found that they were colluding with the city to sell parkland. Read all the materials and make your decision. But VOTE!

—Jim Nyman, PVE
