

Teaching Successfully at the New Entrant level

Teaching in a New Entrant / Year 0 class takes special skills. This workshop will cover the following essential aspects:

- What are the key elements of a New Entrant programme?
- Why is it important to build strong relationships with whanau and how do I go about it?
- Is it about the child being ready for school or you being ready for the child?
- What systems and routines is it important to establish and how do I do it?
- What are the expectations at school entry?
- What data should I be gathering at school entry?
- How do I help children transition from ECE to a classroom setting?
- How do I structure the day in a New Entrant classroom?

Andy Butler from Tools 4 Teachers will facilitate this workshop on June 15th 2017.

Andy has extensive experience with teaching and leading at the New Entrant /Year 0 level. Please visit our website www.tools4teachers.co.nz if you would like to read more about her experience.
