EXPERIENCE

Google User Experience Design Intern (Summer 2017)

Rapid prototyped and designed future features for an application's dot-release and designed user education touchpoints along the paired hardware product's customer journey

PNC Bank Digital Experience Intern (Summer 2016)

Redesigned the user experience and interface for PNC's mass market mobile app and designed a website for PNC Digital

Rebag Graphic Design Intern (Fall 2015–Spring 2016)

Designed and photographed promotional material for their product and visualizing their narrative for the company

PROJECTS

Envision the Future (Design Education, Customer Experience, VR, Spring 2017)

Designed a holistic customer experience for a bank to educate customers the importance of long-term financial goals through VR and a digital web tool experience

You Talk, I'll Listen (UX/UI, Fall 2016)

Designed a wellbeing app that tracks mood trends for a Hong Kong hospital's mental illness clinic

Good Cook (Spatial, Print, and Digital System, Spring 2016)

Designed a three part system for a program that encourages healthy cooking and eating through social interaction

ARCboard (Interactive Design, Fall 2015)

Designed a touch screen smart board with embedded augmented reality features, that allows students to view resources and collaborate
