

PUBLIC MEETING NOTICE

Tualatin Basin Water Supply Project Policy Steering Committee to meet

The Tualatin Basin Water Supply Project Policy Steering Committee (PSC) will hold a public meeting on **Thursday, December 4, 2008 at 6:30 pm** at the Clean Water Services Administrative Building Complex, Tualatin Conference Room, 2550 SW Hillsboro Hwy, Hillsboro. The PSC has been established to provide guidance on major actions for the project, which is being led by Clean Water Services.

The project is seeking new water sources for the next 50 years for municipal, environmental and agricultural needs in the Tualatin Basin. The water supply alternatives include raising Scoggins Dam at Hagg Lake. The agenda will include an update on project activities including seismic studies at Scoggins Dam; consultant work on the Draft Planning Report/EIS and dam appraisal studies; and current status of transferring title of the existing facilities from federal to local ownership and communication with Hagg Lake neighbors.

Members of the public are invited to comment at the meeting. More information about the project is available at www.tualatinbasinwatersupply.org or contact Jeanna Hall at Clean Water Services, 503-681-3619 or by e-mail to hallj@CleanWaterServices.org
