2000 Communication - Kenilworth Academy , Hanover, Jamaica
1999 Fashion Design- Montego Bay Community College, St, James, Jamaica

About Me I Have always been creative, was an Art student at High school so became no surprise when I started painting faces, before this all happened I was already an Illustrator and local Designer in the community where I grew up, with contracts for Company Uniforms such as Air Lines, Banks, Cable Networks, Hotel Front Desk and Admins Staffs. I styled and design clothing for many private clients and I travelled to London to study advance fashion but I ended up studying Makeup Artistry and Accounting. I then landed my first job as an Account Manager for Versace Cosmetics which I stayed almost 3 yrs. I continued managing other accounts for over 11 yrs. After two redundancies I decided to freelance where I discovered a new way into showing off my talents in both Fashion and Beauty, the pass 4 yrs I have styled many brides, directed photoshoots, Brand Campaigns along with beauty & Fashion editor. I have also managed a recording artist and music producer's career.

I own and can operate: Computer, Camera, Sewing Machine, Makeup & Stylist Kit
